All full members and student members of EPS are invited to submit paper proposals on this year's theme. Quality papers on topics not directly related to the theme are also welcome.

Full Members: Paper proposals should include a title and abstract (300 words) prepared for blind review, and a separate document including the presenter's name and institutional affiliation together with the title of the proposed paper, and the presenter's membership status. An acceptable paper should be delivered in 25 minutes with 5-10 minutes for discussion.

Student Members: Ph.D students should follow the same instructions as full members. For those studying for a Masters degree, in addition to the above requirements, student papers are to be sponsored by a full member of EPS. Proposals should include the student's degree program and email confirmation from the sponsor who has agreed to oversee the paper's preparation.

Non-Members: Submissions are welcome from non-members, and membership is NOT a requirement to attend, nor is membership a requirement to present. Those who hold a Ph.D or are currently enrolled in a doctoral program can submit proposals that include a title and a 300 word abstract together prepared for blind review together with a separate document containing the person's name, institutional affiliation, and title of the proposed paper. Please indicate on this separate document non-member status.

All paper proposals should be submitted to **[jfarris@hbu.edu](mailto:jfarris@hbu.edu)**  
The submission deadline is Monday January 29, 2017.

Student Paper Competition: Student members whose papers are accepted for inclusion in the program will be eligible to enter a student paper competition. Students who wish to enter the competition must submit the following to Ben Arbour at [benarbour03@yahoo.com](mailto:benarbour03@yahoo.com) by Feb. 19, 2017:
